

**RECEIVED
CENTRAL FAX CENTER****SEP 13 2006****REMARKS**

These Remarks are made to respond to the issues and concerns raised in the Office Action and to clarify aspects in the specification and claims. The Remarks are believed to be fully responsive to the issues and concerns raised in the Office Action and also have been particularly presented to avoid, where applicable, any admission or estoppel, generally, negatively affecting the scope of protection provided by the disclosure and claims of the present application, and also in a manner that avoids prosecution history estoppel, limitation of the scope of equivalences, or the like.

The Office Action states that certain references from Applicant's IDS dated December 13, 2005 have not been considered. Please be aware the Applicant intends to submit a further IDS shortly to otherwise comply with its Rule 56 duties, and at that time will include the missing references, legible copies, and foreign translations requested by the Office for the December 13, 2005 IDS.

The Office has raised certain new matter and enablement concerns with respect to the claims. Upon review of the discussion of the Office Action, it appears the Office has not considered the Applicant's disclosure in the specification at page 22, lines 24-26 and page 23, lines 1-14. The specification at this location teaches embodiments specifically applicable to insemination of superovulated bovine. The Applicant believes the specification at this location discloses and enables all aspects recited by the claims. Accordingly, the Applicant believes the claims present no new matter or enablement issues. To the extent that any questions remain, the Applicant anticipates resolving such questions by way of a personal interview with the Examiner and hereby requests the opportunity for the same.

The Applicant, having addressed each of the concerns raised in the Office Action, respectfully requests reconsideration and withdrawal of the rejections and objections to the application. Allowance of claims 124-141 is requested at the Examiner's earliest convenience.

Dated this 13 day of September, 2006.

Respectfully submitted,
SANTANGELO LAW OFFICES, P.C.
